

Learning from home in Term 2

9.4.2020

To all our wonderful students, families and community,

We wish you a restful, healthy and safe Easter Break. It has been an interesting end of Term 1 and we appreciate everyone's support in these challenging times.

The department will provide continuity of learning for all students both on and off campus and the Premier, for practical reasons, has encouraged parents to keep their children at home if they can.

Teachers will continue to develop fortnightly packages and deliver these to homes. We will check in via Seesaw each day and students will be expected to complete the package and provide evidence of learning by either returning the workbook to school, photographing it and uploading to Seesaw or by leaving it out for teachers to collect when they do their fortnightly drop off/ pick up. You can also mail it back to the school using the reply paid envelope. We do not expect you to 'teach' your children – that is our job! Please encourage them to engage, support them to learn and contact us if you need assistance.

Our next drop off and pick up will be **Friday 1st May. Please have all workbooks completed and ready for collection. We will be picking up/ dropping off between 9am-12 o'clock. Obviously, we need to maintain social distancing rules but would love to say hello!**

We are committed to continuing your child's learning and will do our best to ensure that this virus has as little impact on their education as possible. Thank you for your support and please contact your child's teacher through Seesaw for any assistance we can provide. We are all in this together!

The staff at Wiripaang PS wish you all a safe and restful Easter.
